Deseeya Sevabharathi's Response to Covid 19

Deseeya Seva Bharathi initiated to implement various preventive measures with the aim of breaking the widespread chain of Covid 19 across Kerala. All the efforts are done under the government norms and regulations. Sevabharathi providing a number of preventive measures to tackle the corona pandemic. the preventive services includes mask distribution, Around one lakhs masks were distributed in different corona infected areas through the volunteers. Cleaning campaigning conducted in public places associate with government departments, bus stand, railway stations and hospitals other crowded public places are covered under this service. As one of the important preventive measures against coronavirus is maintain social distancing and keep personal hygiene. Therefore Hand wash and sanitizer facilities have also been installed in urban and rural areas.it also distributed leaflets containing preventive measures to fight against the coronavirus systematically. Due to the outbreak of coronavirus, blood donation was being hammered in hospitals and due to the timely intervention Sevabharathi, volunteers willing to donate blood. This was very helpful for dialysis patients who have savior health issues. Besides these, we are now focusing to providing packed food kits to people at home and in hospitals under surveillance or stay along. Here all the services and activities are provided as per the government norm and guideline.

Sevabharathi help desk are working in all 14 district to coordinate the preventive activities against the corona outbreak. All these help desk are function under government guidelines of state office .the help desk will provide recent updates on preventive activities done by Sevabharathi and also get assistance on public services. Most of the Public transportation facilities are being banned as part of the prevention of community spread. People need to make social distance and try to avoid travel and social contact. Therefore Sevabharathi facilitated privet transportation to elderly people, patients and those who are in emergency situation. Similarly, people who live along in their homes especially aged group are more likely to be depressed due to the fear of corona virus. We all know that the covid 19 is mostly affected to old age people in foreign countries. Since the prevalence of this disease is the highest among the elderly, the mental health of the elderly is very important and to be maintained good mental health. Sevabharathi is being providing individual tele-counseling to those who in deed of mental depression .The counseling are being given through punarjani cancelling project, which have 14 counseling centers across Kerala.

Preventive Services and Activities @ a Glance

- ❖ Self-stitched medicated mask has been distributed to emergency service delivery team like police, fire rescue force, government officials, health care professionals, and to the general public. As of 23rd March 2020, 93500 masks were distributed from 230 distributing points. 595 women volunteers are supported to stitch those masks in limited time.
- ❖ Hand wash and sanitizer facilities were provided. 1091 washing points have been set up in all districts. 14600 sanitizer bottles have been provided. Each bottle containing 200 ml sanitizer procured from the markets and bulk produced by the expert volunteers. The services were mostly used by the general people who were dependent on public transportation.
- ❖ Covid 19 awareness programmes and leaflets distribution has been conducted in 778 places. Leaflets were distributed through gramapanchayat units and directly given by the volunteers to the general public. The leaflets will help the public to understand the Do's and Do not's regarding covid 19.
- ❖ Functions help desks and call centers in all districts. 51 call centers and 388 sub call centers were constituted to coordinate the seva activities and give general information on covid 19. The public can avail the service 24 hours.
- ❖ As a means of precaution against the community spreading, public place cleaning campaigning has been conducted in various parts. As per the request from the government department the fire and rescue station, Primary Health Centers (PHC) hospitals have been cleaned.
- ❖ Besides the above Blood donation, tele-counseling to the depressed, food items distribution, Ambulance services have been provided. Sevabharathi gears up to tackle the pandemic and we will overcome.
